

NeuroMaker Program Implementation Checklist

Welcome to the NeuroMaker Community!

We're thrilled to have you join our growing network of educators, innovators, and learners who are shaping the future of STEM education. To ensure a smooth start in your teaching journey, please review the implementation checklist below. This will help you set up your materials, familiarize yourself with key resources, and create an engaging learning experience for your students.

If you have any questions regarding any items below, please contact us at support@neuromakerstem.com

You can find all documents and other resources at your Educator HQ: neuromakerstem.com/hq
